This notice is to advise you of information regarding the *TennCare Pharmacy Program*.

Please forward or copy the information in this notice to all providers who may be affected by these processing changes.

This notice is being sent to notify you of changes for the TennCare pharmacy program. We encourage you to read this notice thoroughly and contact Magellan's Pharmacy Support Center (866-434-5520) should you have additional questions.

PREFERRED DRUG LIST (PDL) FOR TENNCARE EFFECTIVE 1-1-17

TennCare is continuing the process of reviewing all covered drug classes. Changes to the PDL may occur as new classes are reviewed and previously reviewed classes are revisited. As a result of these changes, some medications your patients are now taking may be considered non-preferred agents in the future. Please inform your patients who are on these medications that switching to preferred products will decrease delays in receiving their medications. A copy of the new PDL will be posted January 1, 2017 to <https://tenncare.magellanhealth.com>. We encourage you to share this information with other TennCare providers. The individual changes to the PDL are listed below. For more details on clinical criteria, please visit: <https://tenncare.magellanhealth.com>

Below is a summary of the PDL changes that will be effective January 1, 2017.

CENTRAL NERVOUS SYSTEM

Anti-Migraine: 5-HT₁ Receptor Agonists

- The following agent will be added to the PDL as non-preferred: MIGRANOW^{PA, QL}.
- All other agents in this class will retain their current PDL status.

Removal of agents from list of branded agents classified as generics

Effective January 1, 2017, the following agents will be removed from the list of branded agents classified as generics. They will now count as a brand toward members' monthly prescription limits and copays. **Any requests for these brand name agents will require a new prior authorization effective January 1, 2017.**

- NASONEX^{QL}
- MEPRON^{PA}

In order to facilitate transition to the generic products, the following generic products will pay at point of sale for patients with existing prior authorizations. Please transition your patients to the generic products as soon as possible to allow minimal disruption for the patient and avoid delays at the pharmacy.

- mometasone furoate nasal spray^{QL}
- atovaquone^{PA}

Effective January 1, 2017, the following agents will be moved to non-preferred status on the TennCare PDL and will be removed from the list of branded agents classified as generics. They will now count as a brand toward members' monthly prescription limits and copays. Effective January 1, 2017 these products will deny at POS for prior authorization required.

- EPIVIR tablets ^{QL}
- TEGRETOL XR

In order to facilitate transition to the generic products, the following generic products have been moved to preferred status on TennCare's PDL. Please transition your patients to the generic products as soon as possible to allow minimal disruption for the patient and avoid delays at the pharmacy.

- lamivudine tablet ^{QL}
- carbamazepine XR

NOTE:

All agents requiring prior authorization must be prescribed by a provider with a Tennessee Medicaid Provider ID. Providers may register at: <http://tennessee.gov/tenncare/topic/provider-registration>. All prior authorization fax forms were updated to reflect this new requirement effective 7/1/16. In order to prevent a delay in processing time, please download new PA fax forms at: <https://tenncare.magellanhealth.com>.

All of the aforementioned changes, whether preferred or non-preferred, may have additional criteria that control their usage. Any agent noted above with a superscripted "PA" requires Prior Authorization. Please refer to the document "Drug Criteria Listing" located at: <https://tenncare.magellanhealth.com> for additional information.
