October 19-22, 2021

“In the Trenches: Long Term Dementia Management”

DAVID COMPTON, M.D. AND JAMES D. HOLT, M.D.

Presentation Objectives:

- 1) Importance of early diagnosis and treatment of neurodegenerative decline and Alzheimer's and other related dementias.
- 2) Importance of decreasing or changing the stigma associated with cognitive loss of early dementia.
- 3) Discuss the spectrum of dementing diseases, especially mild cognitive impairment and early dementia.
- 4) Illustrate the patterns of largely preserved function in patients with MCI and early Alzheimer dementia.
- 5) Obtain the first-hand perspective of a Family Physician with MCI or early dementia.

There was no handout provided for this presentation.
